GAGE DOWNED AND PARDEE NOMINATED

REPUBLICANS OF CALIFORNIA
NAME AN OAKLAND MAN
FOR GOVERNOR.

Bitter Factional Fight Ends on
the Sixth Ballot, When the
Stampede Took Place.

SACRAMENTO, Aug. 27.—Dr. George C. Pardee, of Oakland, was today nominated for governor by the Republican state convention. Aiden Anderson, of Solano, was nominated for lieutenant-governor by acclamation, while Secretary of State Charles F. Curry was nominated. Other nominations were as follows:

For chief justice of the supreme court, W. H. Beatty incumbent.
For associate justices—Lucien Shaw, of Mariposa.

For attorney general—U. S. Webb.
For surveyor general—Victor H. Woods.

For controller—E. P. Logan.
The defeat of Governor Gage for re-nomination ended one of the most bitterly contested factional fights in the history of the Republican party of California. While Gage practically had the naming of the candidate, his main fight was for himself, but he was unable to muster 415 votes necessary to success. The convention was made up of 529 delegates.

The defeat of the governor had all along seemed certain, but the strenuous efforts of his followers left the result in doubt until the first ballot was taken today. The governor reached his highest vote on the fourth ballot, when he received 339 1/2, or 75 1/2 less than the number required to get him the nomination. In all six ballots were taken. On the fifth ballot Gage lost four votes.

Great confusion marked the final ballot. The Gage men, as per arrangement, began to throw their support to Pardee, and long before San Diego county was reached the Oakland man's nomination was assured. After the balloting it was made unanimous. The Gage men had gone to the convention to renominate their favorite, or, falling in this, to swing to Pardee. The defeat of Gage was brought about mainly by the Call and Chronicle, of San Francisco, which had waged a relentless warfare against him.

NEVADA FUSIONISTS. Democrats and Silverites Will Work in Harmony This Year.

RENO, Nev., Aug. 27.—The silver party and Democratic state conventions adopted platforms today and appointed committees on fusion. The Democratic platform endorses the Kansas City platform; denounces the Fowler currency bill; favors tariff reform; opposes the ship subsidy bill; favors the admission as states of Arizona, New Mexico and Oklahoma.

Congressman Newlands is endorsed for United States senator.
The silver platform does not differ materially from the Democratic, but declares specially for free coinage.

M'BRIDE IS ENDORSED.

Clark County Republicans Comment
the Governor's Policies.

VANCOUVER, Wash., Aug. 27.—The Clark county Republican convention today nominated Glenn K. Fanch and A. H. Parcel for representatives in the legislature. Resolutions were adopted indorsing the administration of President Roosevelt and of Governor McBride, and recommending the re-nomination of Congressman Cushman and Jones, approving McBride's policy toward the railroads and favoring a railroad commission.

TREATY TO BE TRANSLATED INTO CHOCTAW LANGUAGE.

ATOKA, I. T., Aug. 27.—It may be said that the great political battle between those who favor the adoption of

the supplementary treaty and those who are opposed to its adoption is going on. Both sides are having the treaty published in the Choctaw language. When this is done it will be published in pamphlet form and sent to every Indian voter within the Choctaw and Chickasaw Nations. Nearly all of the old time Choctaw politicians in this country favor the treaty while the younger growth of Indians aided by the intermarried citizens and misses Choctaw are striving to defeat. An anti-treaty meeting is now being held about four miles south of town. Many speakers of note will be there. Among them will be Hon. Joseph Gardner, who has for many years wielded a great influence among the Choctaw people.

The election of the treaty will be held on September 25 next, and as both sides are determined to win, this campaign of one month's duration promises to be the most stubborn contest of any campaign among the Choctaw people for many years.

ANOTHER SERIES OF MURDERS.

Two Bodies Have Been Found in
River and Both Point to Murder.

BEAUMONT, Tex., Aug. 27.—It seems that Beaumont is to have another series of murder mysteries similar to that which originated so much excitement several months ago when five or six bodies were taken from the river in a short space of time. Sunday the body of a white man was found floating below the draw bridge of the Kansas City & Southern railroad, and at noon yesterday another body was found floating in the same vicinity. The flatter found yesterday was buried without identification, but from appearances it was the body of a Mexican laborer between 30 and 40 years of age. The body had evidently been in the water about two days, and when found was among some bushes and logs in such a way as to make it necessary to tow it up the river a short distance before it was removed. There was a slight wound over the left eye. This wound might have been caused by a small calibre bullet.

The body of the man found Sunday was exhumed this morning by two men who identified it as that of Jim Broderick, an English bricklayer. It is presumed that Broderick attempted to walk across and fell from the bridge while intoxicated. Mystery surrounds the death of the Mexican, whose body was found yesterday.

TRACY SCANDAL REVIVED.

Operator Forest Correspondent's Name
and Drew Draft.

SEATTLE, Aug. 27.—A special to the Times from Davenport, Wash., says that criminal charges arising from the Tracy case have been preferred against Floyd Johnson, the telegraph operator at Creston.

About the time the Oregon bandit was killed the New York World telegraphed Sheriff Gardner, asking him to send a dispatch describing the end of the hunt and to draw sight draft upon them for \$50. Johnson, it is alleged, suppressed the message, and sent a dispatch to the World over the name of Charles Strub, one of the posse. He then, it is charged, forged Strub's name to the sight draft for \$50.

STEAMERS COLLIDE IN THE HARBOR OF NEW YORK

Peconic Runs Down Liguria and
Cuts Great Hole in Her Bow,
but Damaged Vessel
Does Not Sink.

The Eleven Hundred Passengers
Gave the Ship a List That
Prevented Her From
Foundering.

NEW YORK, Aug. 27.—In broad daylight and bright sunshine a collision which might have resulted in a frightful calamity occurred in the New York harbor this afternoon. The steamship Liguria, with over 1100 persons on board, was run down in the Narrows by the British steamer Peconic, bound out. A succession of whistle blasts was followed by a tremendous crash and the Peconic's bow smashed into the hull of the Liguria. The Italian's hull was cut to the water's edge. The bow of the Peconic on the port side was stove in.

On board the liner all was confusion for a few minutes, but Captain Montano restored order promptly and ordered the steerage passengers over to the starboard side in order to bring the hole cut by the Peconic above water. This effort was so successful that little water entered the liner. The Peconic returned for repairs and the Liguria proceeded to her dock.

AMERICAN ESCAPES GUAYAQUIL.

Had Been Arrested for Libel and Fined
\$1500 in Gold.

NEW YORK, Aug. 27.—On the British steamship Columbia, Jackson Smith, an American resident of Guayaquil, Ecuador, who had made himself persona non grata with the Ecuadorian authorities, was enabled to escape from Guayaquil, says a San Francisco dispatch to the Times. Smith was taken to Panama, whence he proceeded to New York.

Smith was a sub-contractor on the railroad to connect Guayaquil with Ouito, the capital up in the Andes. He is said to have accused a prominent citizen with drunkenness, was arrested for libel and fined \$1500 in gold. Smith refused to pay the fine and was placed in jail. United States Consul Jen demanded his release. When the case was reported to Washington the cruiser Philadelphia was sent to Guayaquil, but the consul was relieved. When the Columbia reached Guayaquil on the way up the coast, a small boat containing Smith and a friend met the steamboat just before dawn and he and his friend were allowed to climb aboard. A few hours later the captain of the sort sent out to the Columbia for the purpose of taking Smith ashore, but he had hidden in a safe place and was not apprehended.

FEAR LACK OF MEN.

Jay Cause Loss of the Great Crop
of Wheat.

VANCOUVER, B. C., Aug. 27.—A special from Winnipeg says: The greatest anxiety prevails over the crop situation and fears are expressed that the full harvest of the great wheat fields may not be harvested. It depends upon the supply of harvesters from eastern Canada. Less than 20,000 hands will not be sufficient.

GEO. GOULD TO INSPECT ROADS.

Believed It Is in the Interest of Building
Branch Roads in Texas.

It is also stated that

MAINE WELCOMES THE NATION'S CHIEF

during his visit to Texas Mr. Gould will make a personal inspection of some proposed extensions of the International & Great Northern other than those publicly announced as already having been determined upon. The people of a number of thriving towns of the state are bidding for the building of the branch lines of this road to their respective places and these proposals will be probably looked into and considered by Mr. Gould on the occasion of his coming visit.

SITUATION IS NOW SERIOUS.
Woman Carrying Supper to Brother
at Work Is Severely Beaten.

TAMAQUA, Pa., Aug. 27.—The situation in the Panther Creek valley is serious. This evening the streets of Lansford and Summit Hill were thronged with strikers. Two companies of the Twelfth regiment sent through the valley on a trolley car were hooted, and it was not deemed prudent to take them off the cars. While Mary Markley was carrying supper to her brother, employed at the colliery near Lansford she was severely beaten by a crowd of women. Late tonight order had been partially restored.

This district in which Corinth is situated practically escaped.

The damage, although partial, will tend, adds the correspondent, to aggravate the existing bad condition of the current trade.
